About Us

Actron Manufacturing is globally recognized as the preeminent provider of aircraft cabin hardware. Designing and manufacturing since 1971, Actron has built a tradition of serving industries, large and small, with a diverse line of FAA-certified products such as:

- Latches
- Retainers
- Slides
- Mounting Hardware
- Hangers
- Pulls
- Handles
- Knobs
- and more

By leveraging the latest in technology and engineering tools, Actron maintains vigilant focus on product development. Actron's quality system is certified to ISO9001 and AS9100 which meets the world's most rigorous application requirements. From automated manufacturing systems to our highly skilled workforce, Actron provides customers with quality engineered solutions.

Using the principles of lean manufacturing, Actron continues to stay competitive and efficient, while remaining adaptable in our ever-changing marketplace. We invest in the latest machine tool and production control technology while maintaining the highest levels of product quality and customer service.

Our Products

Actron is recognized as a global leader in quality-engineered hardware. Across the globe, our customers rely on Actron products to deliver a refined solution, while delivering on the promise of excellent performance and value.

- **Latches**

Actron offers innovative solutions for galley, lavatory, cockpit, and overhead bin applications. We have a wide range of paddle, push/pull button, sliding, and rotary style latches, all designed to meet the customer's needs.

- **Retainers**

We offer a broad line of retainers, from quarter turns to retainers that detent at every 90-degree position. Our retainers can accommodate static loads up to 3000 pounds. Standard and custom finishes are available.

- **Slides**

Our wide selection of aluminum slides range in size from 4 inches to 5 feet. Loads can be accommodated from 50 pounds to 1500 pounds. We also offer a line of extractors that are perfect for those hard to get to beverage and snack lockers.

• Mounting Hardware

We manufacture an extensive line of fasteners, door strikes, escutcheons, brackets and back plates to accommodate your interior design requirements.

• Hangers

Actron manufactures oval, rectangular and round coat, hat, and headphone hangers. Our designs can accommodate flush mount or surface mount applications to match any design brief.

• Pulls, Handles, Knobs

Actron designs a wide variety of cup pulls, handles and knobs that can be ordered in round, oval and rectangular designs.

• Miscellaneous

We also manufacture struts, lock cylinders, hinges, door and drawer openers, couplings, catches as well as concealed hardware and security features.
